“Everyone Deserves Wellness™”

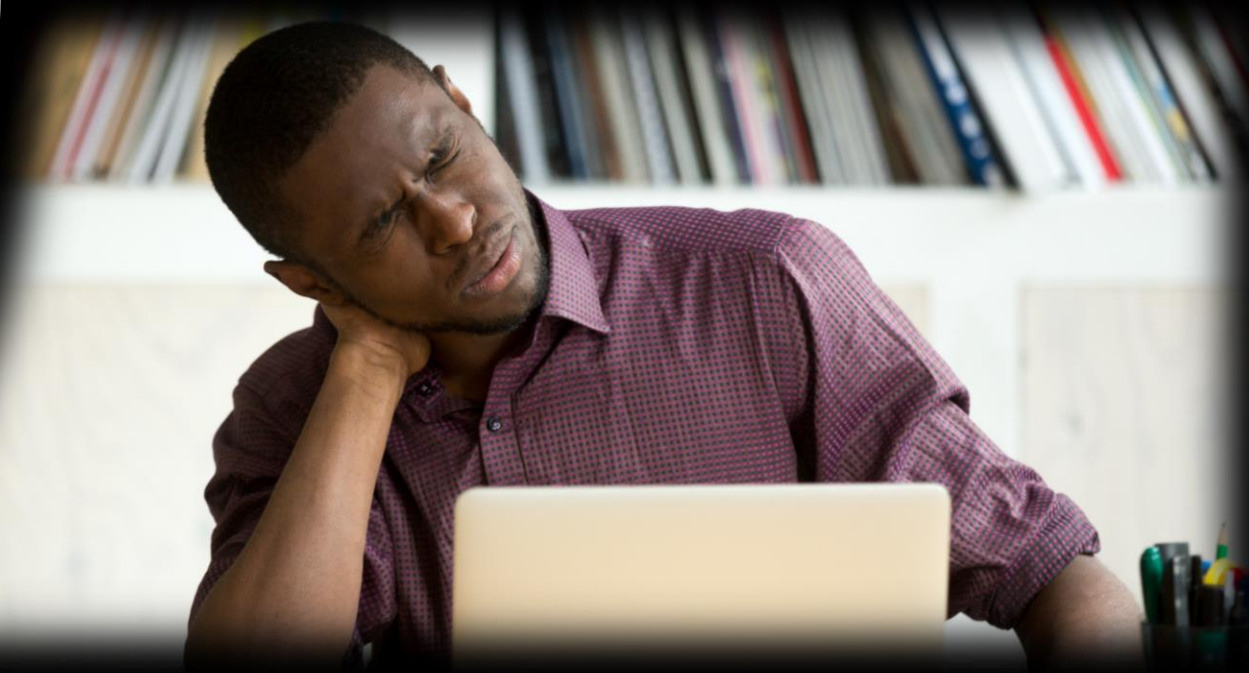

LIVING WITH PAIN IS NOT ACCEPTABLE

The National Health Interview Survey found that 50.2 million adults (20.5%) in the United States reported pain on most days or every day.

At any time, an additional 20% of adults in the United States suffer from temporary pain.

Pain is associated with reduced quality of life, increased medical expenditures, and significant economic costs.

Too often, pain is treated with drugs that may increase the risk of heart attack, increased stroke risk and may be addictive.

Splish Naturals is a health innovator, where holistic wellness and recovery meet nature. Splish Naturals offers a healthy option to pain relief:

- ALL-NATURAL PLANT EXTRACTS
 - SAFE TO USE

REAL STORIES, REAL IMPACT

TESTIMONIALS from our USERS

Listen to the voices of those whose lives
we've transformed.

I have been a massage therapist for the past 25 years, and a Professional Massage Therapist in an upscale Spa for the last 6 years. Splish is not just another CBD product to me. From the high-level quality of ingredients to the dedication and implementation of staff and their working knowledge for product design, Splish Products are unparalleled!

“B”, Ritz-Carlton Massage Therapist

I've been in love with and involved with SPLISH since inception. Watching it grow to the premiere, all-natural spa product company that incorporates high quality and THC Free CBD has been exciting! I use in my private practice with rave reviews and soon to be introduced at my Spa in NorCal. Crafted in small batches and using only the highest quality ingredients, makes this my choice bar far!

Jen, Massage Therapist

I have been using Splish products for the past few years on my back and feet and legs. I am an avid runner and I have degenerative disc disease in my lower back. The Entourage Balm, mixed with a pump of Muscle Relief CBD oil gives me instant and long-lasting relief, especially after long runs.

Wade, Long Distance Runner

I LOVE your products; they have helped me
soooooooooooooooooooooo much.

The background of the entire image is a soft-focus sunset or sunrise. The sky transitions from a deep blue at the top to a bright yellow and orange near the horizon. In the foreground, two hands are silhouetted against the light. One hand is on the left, reaching towards the right. The other hand is on the right, reaching towards the left. Their fingers are just inches apart, creating a sense of tension and hope. The overall mood is one of optimism and shared purpose.
